

Trinidad and Tobago Computer Society

The Trinidad and Tobago Computer Society (TTCS) is a non-profit organisation formed in 1997 to “network local computer users” by discussing technology and related social issues.

Trinidad and Tobago Computer Society Objectives :

- Be an informal forum where computers, related technologies and related social issues can be discussed.
- Keep current with the events in the local ICT industries.
- “**Network local computer users**” so that they can share knowledge and improve upon their experiences with modern technology.

Trinidad and Tobago Computer Society activities and accomplishments

- Participation is free and open and takes the form of :
 - Technical Sessions, Workshops and Podcasts
 - Social Networking and Online presence via Twitter (twitter.com/ttcs), Facebook (fb.me/ttcsweb), and Website (ttcsweb.org)
 - Mailing Lists (ttcs_announce; ttcs_discuss) which can be joined from our website
 - PizzaLimes: we meet (second Wednesday each month), exchange ideas and eat pizza
- Development and release of the TTCS FSWIN CD, a collection of Free Software for Windows, promoted and distributed by the Free Software Foundation Europe.
- Development and release of the TTCS OSSWIN CD and DVD, a collection of Open Source Software for Windows ; made available for download and used in many countries.
- Comments on ICT related legislation, regulation and policies in Trinidad and Tobago
- Participation in Regional and International ICT related activities eg. Diplo Foundation, Cariforum, ICANN, Software Freedom Day International etc.
